Highlights

In-line remote with mic
Want to skip a track? Change the volume? Accept or reject a call? Record a voice memo? The remote features a sensitive mic as well as volume controls, call and skip functions. It can also trigger voice control. With this headset control is at your fingertips - no need to keep your iPhone or iPod accessible or to unlock the screen.

Ultra small efficient driver
This means you still enjoy the headphones' superb sound quality at lower volume settings, and also benefit from a longer battery life.

Passive noise isolation
The perfect, snug fit inside your ear stops unwanted background noise detracting from the pure pleasure of your favorite music. This means you still enjoy the headphones' superb sound quality at lower volume settings, and also benefit from a longer battery life.

Flexible rubber earhooks
The rubber earhooks provide a non-slip grip for an extra secure and comfortable fit, ensuring that the headphones remain in place for hours of comfort. Ideal for active use.

For optimal fit in all ears
With a choice of 3 interchangeable ear caps from size small to large, surely there is a pair that fits your ear perfectly.

Anti-pull design
Thanks to it's unique design no matter what activities you participate in these headphones will remain securely and comfortably inside your ears. When the cable is pulled they grip tighter.
